7) The special gang at Twenty
Army is intended for the First
Division in the city. There is already
one gang doing this work in the
Division. There is a special gang
meant for work in all Divisions, wherever
there may be heavy work to do. It
should be possible for the Mil Engineer
by arranging for a proper programme
— work, to attend to the metered work
in the First Division. It would not be
quite right to go in increasing the
establishment for each Division, unless there
is real need. The difficulty is that when
a temporary gang or establishment is sanctioned
it goes on continuing ad infinitum
Having regard to the financial condition of
Delhi, this tendency requires to be checked
8) As the Mil Ch have sanctioned
the establishment till the end of June 42
and as it is stated that there is
necessity for the establishment to the front
